Supplemental Information Disclosure Statement

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Listed on accompanying Form PTO-1449 are documents that may be considered material to the examination of this application, in compliance with the duty of disclosure requirements of 37 C.F.R. §§ 1.56, 1.97 and 1.98.

Applicants have listed publication dates on the attached PTO-1449 based on information presently available to the undersigned. However, the listed publication dates should not be construed as an admission that the information was actually published on the date indicated.

Applicants reserve the right to establish the patentability of the claimed invention over any of the information provided herewith, and/or to prove that this information may not be prior art, and/or to prove that this information may not be enabling for the teachings purportedly offered.

This statement should not be construed as a representation that a search has been made, or that information more material to the examination of the present patent application

does not exist. The Examiner is specifically requested not to rely solely on the material submitted herewith.

This Information Disclosure Statement is being filed under 37 C.F.R. § 1.97(b) before the mailing of a first Office Action after the filing of a Request for Continued Examination under 37 C.F.R. § 1.114. No statement or fee is required.

Documents AA1, AB1, AC1, AD1, AH1, and AR1 were previously cited in the above-captioned application in an Information Disclosure Statement filed October 12, 2004. These documents are listed on the accompanying PTO-1449 because Applicants have not yet received indication from the Examiner that the documents have been considered.

A copy of document AR1 is submitted herewith. However, in accordance with 37 C.F.R. § 1.98(a)(2), no copies of U.S. patents cited on the accompanying Form PTO-1449 are provided.

It is respectfully requested that the Examiner initial and return a copy of the accompanying Form PTO-1449, and indicate in the official file wrapper of this patent application that the documents cited thereon have been considered.
